Acrylic sections		straight & curves

WIEGAND.WATERRIDES GMBH

CONE

Like a washing machine! Only the Cone can give you the full washing machine experience.

The Cone gets the guest moving by pushing him or her into a funnel wall followed by a series of tunnels. A feeling of weightlessness is achieved. With their body in action and the adrenaline pumping, your guests gets pushed from one "washing drum" to the next. This will give the rider the pre-wash, main cycle and drying cycle experience.

All values are guidelines – changes may occur after planning and approval by technical services
