WIEGAND.WATERRIDES GMBH

BOBSLEIGH SLIDES

Sliding and rafting in combination for maximal fun.
Water slides using rafts or mats have become one of the key features of a modern attractive waterpark. The innovative heads at wiegand.maelzer have created a bobsleigh slide offering an unparalleled adrenaline-fueled experience to its visitors. This speed slide allows the rider to rush down the slide while facing the water. The fun continues after the crazy ride, whereby the rider glides up to ten meters into water at a remarkable speed. A well suited attraction for outdoor parks where the thrill can be enjoyed to the maximum.

All values are guidelines – changes may occur after planning and approval by technical services
